Dear Elinat, Oxillia and Faides,

Our church in America is so proud to be sponsoring you three children. We received a beautiful note from each of you recently, and we loved the beautiful colors and words that you each put into your letter.

The members of our church are very proud of your hard work in your studies and the work you do on the Farm. We look forward to hearing about each of you as you grow older. We love to get notes from you and would love to get more of them.

With love from the members of our church.
